Conjugación de los verbos en pasado simple / participio

Casos que debemos tener en cuenta para formar el pasado en verbos regulares.

Caso 1: El más común donde el pasado simple del verbo se forma simplemente añadiendo "-ed"

Talk > Talked

Finish > Finished

Watch > Watched

Caso 2: Si el verbo termina con vocal "e", simplemente agregar terminación "-d"

Change > Changed

Decide > Decided

Love > Loved

Caso 3: Si el verbo termina con la letra "y", cambia la "y" por "i" y pones terminación "-ed"

Worry > Worried

Cry > Cried

Study > Studied

Caso 4: Si el verbo termina en "vocal + consonante" y la entonación se enfatiza al final entonces se debe primero doblar la consonante final y agregar "-ed"

Admit > Admitted

Stop > Stopped

Refer > Referred

Nota 2: Para la pronunciación de los verbos regulares en pasado simple se debe considerar que únicamente se ha de pronunciar la "-ed" cuando se tiene el caso de que la conjugación en pasado tiene terminación "-ted" o "-ded", es decir, cuando antes de la terminación "-ed" esta una letra "d" o "t"

Ejemplos donde "-ed" es pronunciada:

Invented

Invited

Counted

Decided

Needed
